

MacIDOL EPK:

Crunchy Steve

BAND STORY

"Kilroy & B&Massa are both dead. Long live the real face behind them, Crunchy Steve. "Crunchy" dates back to a time when a friend of mine's girlfriend used to distinguish between me and another Steve as crunchy and non-crunchy - she never explained why. The music created in the B&Massa period can stay over there. The music I make from now on will be here."
