BAND STORY

"Orignally from Pennsylvania; Ex Poor Luther's Bones Drummer gone solo loser just fartin' around. I've been in New Orleans for 10 years now. Recorded all Guitar and most music on my Mac in Garageband, ProTools and MOTU Digital Performer. I'm a recovering Metal-Head, now into the vibration of trains, loud snorring and the total experience of weird, smelly homeless people humming to themselves. I play a Gibson SG electric and Washburn acoustic Guitar. For recording I use a Guitar Rig 2 USB set-up. I prefer Gretsch Drums, Zildjian and Sabian cymbals, and dabble with sampling on a Roland SPDs. "
