

Gilbert Neilson

BAND STORY

"Hello. Neal Gilbertson Here, AKA Gilbert Neilson and AKA jibes. My music is just a few songs of my "messaging around." It would be better I suppose to attack my "Hobby" more seriously but I am not a serious sort of person. I must admit that I am getting up there in years and am ready to retire from my job as a Printed Circuit Designer here in Cedar Rapids, Iowa. I have no formal training in music and none in Art. These things are my passion. And my art can be seen at: [url=http://po-ng.blogspot.com/] My Art Blog[url] I have been "around the block" as they say and have played in many bands. One notable band I played Lead Guitar and sang in for a short time in the late 60's was a band out of Mpls Minnesota called the "Trashmen." Maybe you have heard of them and then again maybe not. The Trashmen had a hit song Called "Surfin' Bird." It was number 1 across the nation for 3 weeks in the early 60's. A one hit wonder as it were. They also had some regional hits besides Surfin' Bird. We traveled all over the upper midwest. Before and after that I've been in many local bands, including "Driftwood" Which I joined in 1983 and we broke up around 2000. We get together now and then. Now I am working on the "One Man" Coffee Shop sort of thing and have spent the last 2 years getting ready to go out and play Gigs doing that."

Station info: Only the best

My intent is to pick the cream of the crop from Mac Idol. Choosing songs i like the best. Not always every song a person does either. This is personal choice on my part and does not reflect a musician's ability to create a well done song but yet not appear on my list. I just don't care for the song(s) or the style. I will most likely not have any Rap, Hip Hop, Jazz, Classical, Heavy metal, Hard Rock and Very little Country. Again, this is my personal choice.

BTW, no explicit material.
There is so much material on Mac Idol, I can not be
expeted to listen to everyone here but every effort is
being made to cover as many as possible.

Thanks
